Ancient River Valley Civilization Project

Your Task: You and your group have been chosen to create a poster for an Ancient River Valley Civilization.

1. A map or set of maps introducing the river and the region. Your map must include a title and a key. Make sure you include all key geographical features.
2. A minimum of one-paragraph background of the basic geography of the river and the region of your River Valley
3. A one-page fact sheet (in Cornell style notes) highlighting the most pertinent Political, Economic, Religious, Social, Intellectual, Artistic and Technological advances and characteristics made by your Ancient River Valley Civilization that can be distributed to your classmates. This must be submitted on 10/11-printed!!!!
4. Poster that contains:
   1. Four images that address Political, Economic, Religious, Social, Intellectual, Artistic and Technological advances.
   2. **Important information** on the Political, Economic, Religious, Social, Intellectual, Artistic and Technological advances and characteristics of your civilization
      o It may be in a paragraph or in detailed bullets.
   3. You must also include if and how your civilizations declined and provide substantial historical evidence.
5)   Gallery Walk 10/11

6)You must have a Works Cited page. Examples can be found on Weebly.
